DODGEBALL RULES

1. Game time is 6 min or until all players from opposing team have been eliminated. If at the end of 6 min, there are still players on each side, the winner will be the team with the most players left on the court.

2. You may have up to 10 players per team, but only 6 are allowed on the player bench for a game. Rosters are frozen at check in. Proof of age may be required. (must be current)

3. You are eliminated if any part of your body is hit (EXCEPT HEAD). You may use the ball to block BUT if you drop the ball because of it, you are eliminated.

4. A player may return to the game if a ball is caught by a member of your own team thrown by an opposing player.

5. Players must sit on the bench IN THE ORDER OF BEING ELIMINATED.

6. Players must stay within bounds except to retrieve a ball and CAN NOT throw a ball while out of bounds or he/she will be eliminated.

7. Players CAN NOT cross the center line for any reason unless in sudden death.

8. Players may not hold the ball for longer than 10 seconds. If they do, they must drop and roll the ball to the other side. This rule is VOID during sudden death.

9. Sudden death occurs in the last minute of the game. At this time, any remaining players may go anywhere on the court to attack opposing players but must stay inbounds to hit a player.

10. There is no arguing with a ref in regard to a call.

All decisions by the tournament staff are final
